

LET'S KEEP A GOOD THING GOING!  
Organization Support Form

The Ohio Housing Trust Fund has been building Ohio for 20 years, funding programs that house and serve low-income and vulnerable Ohioans while creating jobs and leveraging capital.

Historically, Trust Fund dollars have been used in collaborative partnerships between private and public sectors for a full range of housing activities, including pre-development costs, rental assistance, housing counseling, homebuyer assistance, handicapped accessibility modifications, rehabilitation, home repair and new construction.

The benefits to the community are as varied as the projects funded, but safe, decent affordable housing is the foundation upon which educational success, neighborhood revitalization, employment growth, increased public safety and community stability are built. Let's keep a good thing going.
